
Essential presentation features; energy-efficient design

HP LE1901wi 19-inch Widescreen LCD Monitor

Combining essential performance features in an elegant, ENERGY STAR® qualified design, the updated HP LE1901wi 19-inch Widescreen LCD Monitor with IWC Stand offers improved energy efficiency over its predecessor to help you save money.

Smart designs, stunning performance, and world-class reliability
HP business monitors offer smart designs, stunning performance, and world-class reliability for intelligent users at every price point. On the HP LE1901wi monitor, this means: crisp, clear views of software, Web, and e-mail with 1000:1 contrast ratio and sharp resolutions to 1440 x 900 [1] ; user comfort settings that include adjustable tilt, swivel, and height; built-in IWC Stand for all-in-one bundling with an HP Compaq dc7900 Ultra-slim Desktop PC or HP thin client (sold separately); monitor and color adjustment and theft deterrence enablement through the connected PC with HP Display Assistant

Designed with the environment in mind
The HP LE1901wi boasts a number of environmental features to help you make responsible purchases, including: 50% reduction in mercury over previous generation models; complete elimination of BFR, PVC, and arsenic from the panel and stand; minimized power consumption; protection against image retention plus lowered energy costs with HP Display LiteSaver

Customize with a range of options
HP offers a variety of optional products (each sold separately) to help you get the most out of your monitor: add compelling stereo audio beneath the monitor bezel with the HP LCD Speaker Bar; create a multi-monitor setup using the HP USB Graphics Adapter, which enables quick and easy connections between the monitor and PC through USB

Enjoy peace of mind
The HP LE1901wi monitor is fully tested and qualified for out-of-the-box functionality and compatibility with HP business products. The three-year limited warranty is backed by HP service and support from 65,000 IT service and support professionals in 160 countries around the world.
